

## **Mole Extra Credit Options**

These assignments will be due on Feb. 10. You may turn it in before then, but they will not be accepted past Feb. 10. **NO EXCEPTIONS!!!** The extra credit project has to be your work!

1. Make a mole. The mole has to be themed. (I.E. Sesamole street) The pattern is available on the class website. See the moles in my classroom for examples.
2. Make a mole poster. Once again the mole has to be themed. (I.E. Mol story) The poster has to be at least half 8.5 x 11 size **but no bigger** than half a poster board. It should be colorful.

**MUST BE SCHOOL APPROPRIATE!!!!!!**

You can do both. The Make a Mole will earn more points than the mole poster. They do not have to be the same theme. **Be creative!!**
